## PROSPECTS FOR PEACE BRIGHT

**Madero and Carbajal Expect  
Agreement in Few Hours.**

**FORMER MAKES CONCESSIONS**

**Will be Satisfied with Three Cabinet  
Places and Fourteen Governor-  
ships—Insurrectos to Form  
Political Party.**

El Paso, Tex., May 17.—Francisco I. Madero, provisional president of Mexico, and Francisco Carbajal, federal peace commissioner, both wear smiles, and declare that the prospects are bright for peace, and that the next few hours will bring definite results.

Madero has agreed to concede from his demand for four cabinet members and accept three—the portfolios of war, justice and gubernacion, the latter meaning the control of the government of the states. The insurrectos also ask fourteen of the twenty-seven governors.

Diaz wished to concede the insurrectos only one of the cabinet offices and they at first held out for four. He was willing to permit them to have the portfolio of gubernacion, which is now vacant, the incumbent of which will have more to do with restoring peace throughout the country than any other man. The insurrectos wish to completely overhaul the courts.

One criticism of the insurrectos against the federal government has been directed against administration of the courts and the rebels are anxious to have political prejudice against the courts removed.

The insurrectos, immediately after peace is declared, will form a political party, probably to be called the "progressive" party, and as soon as peace is completely restored and Diaz has resigned, a national campaign will be launched with Francisco I. Madero as candidate for president.

It is declared that the peace pact will not be signed until Diaz and Madero have agreed upon the cabinet appointments, and the governors of the different states so that there can be no chance of another break after the insurrecto army has been disbanded. The army is to be held together and a truce is to be first declared to be made nation-wide. If this is possible, so that there will be no further fighting while the two presidents are attempting to get together on the officials to be named. The insurrectos are to be given the free use of the telegraph wires, it is stated, so that Madero can communicate with his men in all parts of the republic before naming those he wishes for the different positions under the government.

Madero, although perfectly confident of peace, declares that he is preparing for war. He has positive advice now that the federals have abandoned any hope they might have had of attacking Juarez, but he is still sending men south and declared positively that if peace negotiations are broken off, he will attack Chihuahua.

## SHACK FOR MEN TO SOON BE ERECTED

Ann Arbor, May 17.—A shack for the men at the Camp near Ann Arbor, in which Ypsilanti people as well as interested, is to be the next feature of the work. The shack for women is open except for screening on the southern side, and here the patients stay night and day, except at meal time. The equipment is excellent. A fumigation room is said to be a novelty in tuberculosis sanatoriums. The administration cottage contains the kitchen, dining room and apartments for the nurse and assistant.

## EXHIBIT AT ANN ARBOR WILL REMAIN OPEN IF PATRONAGE WARRANTS

The matter of continuing to keep open the third annual exhibit of the Ann Arbor Art association in Memorial building in Ann Arbor later than Friday evening of this week will depend upon the patronage accorded the exhibit up to that date. The exhibit is not so ambitious a one as that of last year, which was truly remarkable, but it is exceedingly good and most interesting. Mr. Lippincott in sketches of Mexico treats one to new colors and scenes. There is a delightful harmony of color in the paintings by Francis Paulus, and the pictures by Gruppe contribute much interest to the collection. Several canvases by Childe Hassam are splendid things. One particularly gives an impression of space and is delightful in color.

## SENATE SCORES JUDGE

**Illinois Body Will Not Appeal in the  
Tilden Case.**

Springfield, Ill., May 17.—The senate virtually decided not to take an appeal to either the supreme or the appellate court from the decision of Judge Pettit of Chicago freeing Edward Tilden, W. C. Cummings and George M. Benedict on habeas corpus writs.

Senator Hurburg introduced a resolution scoring Judge Pettit for his "unwarranted interference with the prerogatives of the senate," and said that the senate "greatly deplores" his activity in the matter. The concluding paragraph of the resolution read that no appeal should be taken.

## GARY COUNCILMEN GRANT FRANCHISE- MERCHANTS IN ARMS

Gary, Ind., May 17.—Business men of Gary, and especially members of the Commercial club are in arms because the city council majority, after a long and stormy session, ratified a fifty-year franchise, granting traction rights to Charles H. Geist, the Philadelphia gas magnate, and his Calumet United Railways company. Further feeling was created when it was learned that Mayor Knotts, instead of exercising his veto, signed the franchise ordinance, and as a result investigations and probable impeachment proceedings are hinted at.

The franchise gives Geist a fifty-year right to use the streets of Gary. The lack of provision for universal transfers, the permission to charge a straight nickel fare, the use of nearly all the streets and the lack of a forfeiture clause for failure to comply with the terms of the grant are bitterly assailed.

## TOBACCO MAN'S BARN BURNS

**Frank McCurdy Arrested After Blood-  
hounds Trail Him Home.**

Brookville, Ind., May 17.—A barn, four horses and three cattle, owned by James Warner, a tobacco grower, who recently moved here from Kentucky, were burned and Frank McCurdy is in jail on suspicion of having set fire to the barn.

McCurdy was arrested after bloodhounds from Harrington followed a trail from the site of the barn on Duck Creek.

## WAR PREPARATION IN CAPITAL AS PEACE NEGOTIATIONS CONTINUE

City of Mexico, May 17.—There has been intense activity here during the days that the insurrection has been growing in the north. Plans for the campaign have been considered, the raising of recruits has been the subject of many conferences, and the question of ammunition and supplies has also been the subject of much importance. In the accompanying picture Senator Manuel Cosío, minister of

## LAST OF FACULTY RECITALS AT NORMAL TUESDAY EVENING

The last faculty recital of the season was given Tuesday evening in Normal hall. Mrs. Annis D. Gray, contralto, and Miss Frances Crossette, pianist, assisted by Miss Abba Owen, violinist, and Miss Alice Lowden, and Professor Alexander at the piano, gave a program which captivated the large audience.

Mrs. Gray was in superb voice and each song that she sang possessed a distinct and compelling charm of its own as rendered in her rich and glowing voice. Her first group of songs was from the German, taken each from a different composer and as varied in context as in source. A modern French song from Gounod, "Le Soir," was the next and very interesting. In an aria from Meyerbeer's "Les Huguenots" the range and flexibility of Mrs. Gray's lovely voice was beautifully shown and this proved one of her most attractive songs. For an encore she sang "My Task," and her voice was at no time sweeter than in this noble song. The group of English songs comprised two of Arthur Foote's melodious songs, a boat song by Harriet Ware with a mellifluous piano accompaniment, and that joyous thing of Schubert's "Who is Sylvia?" Of all her repertoire, Bizet's "Agnus Dei" is very probably the greatest favorite. She is magnificent in this. The quality of her voice is exactly suited to the breadth and majesty and sonorousness of this splendid composition.

Miss Crossette played first a difficult sonata of Beethoven's, which in all its three movements required the finest technical skill and musicianly interpretation. Miss Crossette abundantly met the demands of the work. Delicate passages there were also and these were executed with a facile lightness and grace which were wholly admirable. In her first Grieg number played at her second appearance Miss Crossette was truly wonderful. There were a brilliancy and verve and power in her rendition of this that was fascinating. One of the most engaging of the Chopin waltzes was Miss Crossette's last number, and she surpassed herself in its presentation.

## MAY MORNING BREAKFAST MAY 20.

The following menu will be served at the May Morning Breakfast at Starkweather Hall, Saturday morning May 20, between the hours of 7:45 and 10 o'clock: Maple flakes, strawberries, creamed eggs, muffins, fried cakes, coffee, cocoa.

## PROF. HARVEY ADDRESSES W.C.T.U.

The white ribbon ladies of the W. C. T. U. met with Mrs. Carl Alban Tuesday afternoon for their quarterly mothers' meeting. Temperance scripture texts were called for and a goodly number responded. Mrs. Alban gave several selections on the phonograph. A brief business meeting followed the reports.

The president, Mrs. A. E. Morrison, was elected as delegate to the state W. C. T. U. convention at Petoskey June 6-11.

Professor N. A. Harvey then gave a talk on child life, dealing with the child from the age of infancy to that of three years. This is the first series which is to be given by Mr. Harvey on childhood. The ladies were highly pleased and gave him a rising vote of thanks. Refreshments were served, and more selections on the phonograph followed.

At the next meeting, which will be held with Mrs. Jennie McIntire, 609 Ellis street, on June 6, flower mission day will be celebrated. Mrs. Phoebe Stark will have charge of the program. All are requested to bring flowers. These will be made into bouquets, tied with white ribbon and verses attached, and given to the people who are "shut in."

## PLANS TO ACCOMMODATE 150 AT MAY BREAKFAST

The annual May Morning Breakfast, one of the prettiest functions of the college year, will be held at Starkweather Hall, Saturday morning, May 20. An appetizing menu has been prepared and guests will be served from 7:45 till 10 o'clock. An orchestra will furnish music throughout the meal. Plans have been made for the accommodation of one hundred and fifty at one time. Any one who wishes to have places reserved for private breakfast parties are requested to leave word at Starkweather Hall between the hours of 10 and 12 any day before Saturday. The decorations which are one of the features of the occasion will be mainly of apple blossoms, according to the precedent established several years ago, violets, and other spring flowers. The affair this year bids fair to excel any similar event given in former years.

## Detorit Men Here

Two special cars on the D., J. & C. brought about seventy-five Detroit business men to Ypsilanti this morning. The men are members of the Detroit Wholesale association and this season have been making day trips to the smaller towns around the state and impressing upon them their slogan, "Make Detroit Your Harbor." A recent such outing carried them to Pontiac, Rochester and Ortonville, and today they made Saline, Ypsilanti and Ann Arbor. Upon their arrival in town at eleven o'clock, the Detroiters sought out their customers and acquaintances about the town and then came together about half after the hour at Masonic Temple, where they had their pictures taken, looked the building over and were regaled with fruit punch. Shortly afterwards they left for Ann Arbor.

The men were to be served dinner in Ann Arbor.

## COUNTRY CLUB NARROWLY SAVED FROM DESTRUCTION

Considerable excitement was occasioned this morning at an early hour when word was received that the Country Club House was on fire. The timely assistance of neighbors and passersby was all that saved the structure from entire destruction instead of damages to the amount of \$75. The fire was first discovered by Chas. Blashfield, motorman on the D., J. and C. Railroad, as he was making the first run from Ann Arbor at 6:15. He noticed smoke and fire pouring from the north side of the building and immediately notified L. A. Rice who resides on the farm just west of the club house. Mrs. Rice phoned to members of the club in Ypsilanti while her husband, the man who was working there, and the rest of the family started on a bucket brigade for the building. Soon after they reached there Clyde Gass, who was passing with a number of workmen, stopped and all of the men turned in to help fight the flames. By the time the Ypsilantians arrived the fire was put out.

The cause is unknown but it is supposed it was due to spontaneous combustion. The fire appeared to start in the ice box and burned through to the side of the building. The kitchen and contents are nearly all destroyed. The loss to the building is estimated to be about \$75 in addition to that of the silver, punch bowls, etc.

A party was held in the building Tuesday evening and there was no sign of fire at midnight when Mr. Clark closed it up for the night. The building will be repaired immediately and the party which was planned for tonight will be held as was previously planned.

The members of the club wish to express their appreciation to those whose prompt attention saved the building from destruction.

## HUNDRED AUTOS FOR VETERANS- PRES. TAFT MAY BE HERE

One of the latest features to be arranged for the soldiers who will be here in June is an automobile joy ride. A meeting of the executive and parade committees was held at the home of Prof. Ford Tuesday evening and arrangements for this feature as well as for the parade on the morning of June 22 were discussed. Melvin Lewis was appointed chairman of the automobile committee and requested to secure at least 100 automobiles for the afternoon following the parade. Automobiles will be solicited in Ypsilanti and vicinity as well as in Ann Arbor and Mr. Lewis will be ready to give every soldier present a ride that he will remember.

Letters are still being received from prominent men accepting invitations to be present and deliver addresses during the encampment. The latest one is the following which came to Chairman Rankin this morning:

Hon. H. C. Rankin,  
Ypsilanti, Michigan.  
My dear Mr. Rankin:

I have your esteemed favor of the 13th inviting me to attend your Campfire on June 22nd for which I thank

## SLAYER SUSPECT CAUGHT

**Officers Find Man in Field Near Pingree, Ill.—On Way to Jail.**

Elgin, Ill., May 17.—Information reached here that Chief of Police D. F. Gahan and Deputy Sheriff Charles German had captured a man suspected of having murdered the woman whose body was found under the Illinois Central railroad viaduct south of here.

The man, captured in a field about fourteen miles west of here, between Pingree and Hampshire, is said to answer the description of the one seen near the scene of the murder in company with a woman on the day before the body was found. They started with the prisoner for Elgin.

## MRS. SHOWERMAN DIES AFTER LONG ILLNESS

Mrs. Harriet Barker Showerman died early this morning at Ann Arbor. Last October she sustained a broken hip and has been confined to her bed since. Most of Mrs. Showerman's 75 years have been spent in this city.

She leaves two sons, Frank of this city, and Fred of New York City. The funeral will be held Friday morning at ten o'clock at the home of her son, Frank L. Showerman, 211 South Washington St., and will be private.

## HIGH SCHOOL STUDENTS NOT INTERESTED IN PARTY ANNOUNCEMENT

Invitations have been issued for an Estabrook party June 1. Former members of that fraternity who are still in the high school are anxious to have it known that this is largely an alumni affair and that the organization formerly known as the Estabrook Fraternity is no longer recognized as such among Ypsilanti students.

## GALE DESTROYS ZEPPELIN SHIP

**Deutschland Comes to Grief at  
Duesseldorf, Prussia.**

## EIGHT PASSENGERS IN AIRSHIP

**With the Crew They Are Marooned  
on the Balloon Shed Until Rescued  
by a Fire Brigade—  
No One Injured.**

Duesseldorf, Prussia, May 17.—After a career of six weeks the Deutschland, latest of the models of Count Zeppelin's dirigible balloon, stranded on the roof of its shed, a total wreck.

The finish of the airship was less spectacular than that of its five predecessors, but more complete. Fortunately the crew and passengers escaped injury.

The accident occurred as the big Deutschland was being released for a passenger trip. Eight passengers, four men and four women, had seated themselves comfortably in the cabin, the crew were at their posts and 200 men on the ground clung to the guide ropes as the powerful craft slowly emerged from her berth and, under pressure of more than half a million cubic feet of gas, struggled to be free.

Just as the airship cleared the shed a violent gust of wind drove her back against the entrance. At the impact several balloons burst and the released gas destroyed her equilibrium. The army of men at the guide ropes clung on desperately, but were powerless against the wind, and another gust lifted the airship bodily and she dropped on the roof of the shed, her back broken and her hull left dangling over one edge.

In this position the crew and passengers, rudely shaken but not seriously injured, were left helpless until a fire brigade, hurriedly summoned to the scene, ran their ladders to the top of the balloon shed and pulled the marooned ones out of the wreck.

This is the sixth serious accident which has befallen the Zeppelin dirigibles. The Zeppelin I, Zeppelin II, Zeppelin III, Zeppelin IV, the Deutschland and the new Deutschland all have come to grief after short though brilliant lives.

## Engine Sparks Cost Railroad \$1,283.

Muskegon, Mich., May 17.—The jury in the case of Mathias Treilwiler, vs. the Pere Marquette railroad, in which the former was suing for damages, brought in a verdict of \$1,283 for the plaintiff. Treilwiler's home, barn and furniture were burned, the fire originating from sparks, as he alleges, from a Pere Marquette engine.

## BELLEVILLE MAN GETS STOLEN OFFICE FURNITURE

John Edwards of Belleville was in the city today and took home with him the typewriter, manuscript, pictures and other office furnishings which were taken from a Belleville office Sunday night by John Cody, the lunatic who established himself in a room at the Hawkins House Sunday.

Cody arrived in Ypsilanti between the hours of two and three o'clock Monday morning in a buggy accompanied by an old man. He was under the impression that he was a state claim agent for the D., J. & C. Ry. and intended establishing an office in this city. Officer Pierce who is on night duty noticed him when he arrived and accompanied him to the hotel. Mr. Pierce thought the man acted rather queerly and told the night clerk at the hotel to keep an eye on him. Officer Edwards of Belleville arrived in the city Monday morning with the word that he had escaped from St. Joseph's Retreat and he had come to take him back.

Cody succeeded in successfully evading the officers all day till night when he was found on his way from Wayne to Belleville. He was taken by the Belleville officer Monday night and committed to St. Joseph's Retreat.

## FARM FOR SALE.

The Catherine O'Brien farm consisting of 75 acres and located on section two in Augusta Twp. will be sold for cash on Saturday, May 20, 1911, at 10 o'clock in the forenoon. This farm is six miles south of Ypsilanti; 1 1/4 miles west and 1/4 mile north of Willis. The sale will take place at the premises. This is a good farm and will make a first-class investment. 513-518\*

## The Weather

Michigan.—Increasing cloudiness with showers in north and west portions. Warmer Thursday. Temperature at noon, 82.

Bean's Rheumatic Pills absolutely cure Gout, Rheumatism & Neuralgia. Entirely vegetable. Safe.

New York, May 17.—Telephone connection between New York and Denver, a distance of 2,011 miles, without recourse to relay stations has been opened for commercial use by the American Telephone and Telegraph company. By the perfection of what is called the loaded phantom circuit three persons can talk to Chicago and a fourth to Denver over two sets of wires, and simultaneously eight separate telegraphic messages can be sent over the same wires to Chicago and two others to Denver, and all without interference. The line to Denver is the longest line ever established over which conversation could

be had direct, without relays. A demonstration was given of this new system in the executive chambers of the American Telephone and Telegraph company at 15 Dey street, and while Mayor James W. Spear of Denver, Mayor James Harrison of Chicago and Mayor James C. Dahlgren of Omaha were having a three-cornered conversation ten telegraphic messages were passing over the wires. Theodore N. Vail, president of the company, who is responsible for this step forward in the science of long distance communication, has sailed for Europe. He was notified by wireless of the success of the project and was greatly delighted.

## A MUNICIPAL OWNERSHIP SIDE-LIGHT.

The citizens of Ypsilanti will naturally be interested in all of the municipal ownership facts which they can get during the present year while the pending gas question is before them for final solution. Private corporations, which in America have made great fortunes out of public utility franchises and in municipal public necessities, are continually contending that municipal ownership is always and everywhere a failure. It is to their interest of course that the people believe this, and we believe that it is still more to the interest of the people that they do not believe it if it is not true.

Those who may have read the editorial in last night's News entitled "Disgracing Exploitations," in which it contrasts what the people were getting in Detroit under private ownership of the public utility of street car service, with what the people of Bradford, England, under municipal ownership were getting in a city of about the same size, will recall this statement: "One only needs to contrast the policy of the private corporation that is trying to fasten itself upon our streets forever to the policy of the municipality of Bradford, where, under the public ownership regime, the service has been vastly improved, wages have been increased 75 per cent, the hours of the men have been shortened and the fares have been reduced to two cents for 80 per cent of the passengers in that thriving city of 350,000."

"The Bradford car system has paid its share of taxes, has earned the city an extra \$150,000, has paid interest on capital, has laid by a fund for depreciation and has set aside a sinking fund for the redemption of bonds." We are not advocating the municipal ownership of the street car service in Ypsilanti. We have no legal right to embark in the street car business, but we have the legal right to embark in the gas business. And we believe that a committee of our public-spirited, progressive, general-welfare-loving citizens should be appointed promptly to get at work on a comprehensive plan for installing a municipal gas plant in Ypsilanti.

In the last American Issue occurs the following: "We presume it is understood by all of our readers that at the recent session of the legislature, an amendment was secured to the general liquor law permitting the rejection of any and all saloon bonds by township boards, village and city councils."

## A BEAUTIFUL MEMORIAL.

Graduates and Alumnae Will Pay Tribute to Alice Freeman Palmer.

THE PALMER MEMORIAL.

Graduates and alumnae of Wellesley who gather for the annual commencement will all pay special tribute to the Alice Freeman Palmer memorial which has recently been given a place of honor in Wellesley college, where Mrs. Palmer was president from 1881 until 1887. She was probably the greatest woman educator of modern times. It was through her influence that the college assumed the leading position it now occupies, and every loyal Wellesley girl honors her memory. The memorial was made possible through the efforts of Miss Caroline Hazzard, the present head of the college, and the alumnae. Not only is the memorial a tribute to a great woman, but it is a great work of art, for those who know say it is one of the best things that Daniel Chester French, the sculptor, has ever turned out. It is a lifelike portrait of Mrs. Palmer with an idealized figure at her side. It is placed in a good light in the chapel of the college, and there the beauty worshiping girls of Wellesley have surrounded it with flowers to greet the returning alumnae, many of whom knew and loved her when she was at the head of the institution.

## FRUIT DESSERT.

Prune Loaf an Inexpensive, Delicious and Wholesome Food.

Even that humble fruit the prune, at which we so often sneer, may be used in making delicious desserts. For instance, prune loaf may be made as follows:

Whip one and a half cupsful of cream until firm throughout. Cut fine enough cooked prunes to fill one cup, add one-fourth cupful of the prune juice and two-thirds cupful of sugar and let simmer until the sugar is dissolved and the mixture reduced a little. Add the juice of half a lemon

PRUNE LOAF.

and one-fourth cupful of juice from the prunes. Let stand until chilled, then fold the cream into it and turn the mixture into a quart mold lined with paper and chilled in salt and crushed ice. Fill the mold to overflow, spread over a paper and press the cover down over the paper. Pack in equal measures of salt and crushed ice. Let stand about three hours. Repack when the ice has partially melted. When repacking turn the mold, as the lower side often freezes more quickly than the upper side. When unmolded garnish with half a cupful of whipped cream and cooked prunes.

## SPORTS

## COBB AND MORIARTY ARGUE ON SCORING.

Here's a dialogue which took place on the Detroit bench to show how futile it is for ball players or fans to try to agree with the scorers on hits, errors and stolen bases:

A player hits a liner in left. The outfielder hesitated a fraction of a second, after which he tore in after the ball. It hit his glove hand about a foot above the ground.

"Hit," said Cobb.

"That was an error," judged Moriarty.

"Why was it?"

"He ought to have had it."

"Nothing of the kind, Morrie. That ball was a bad one and low, and he only got one hand on it anyway."

"He didn't judge it quick, did he? He misjudged it, and he had time to get both hands on it if he had started right away, which he didn't. It's an error with me."

"Well, it goes as a hit here."

Later on a runner tried to steal second. The ball reached the infielder's hand as the runner started his slide for the bag. The infielder dropped the ball.

"Stolen base, that," said Moriarty.

"Error for the second baseman," judged Cobb.

"That wasn't an error. He wouldn't have had him anyway."

"He ought to have had him easy if he had held on to the ball. I make that an error."

"And I stick to the original statement that it's a stolen base."

## M'ALEER BOOSTS MILAN.

Manager of Washingtons Says His Outfielder Has No Equal in Big Leagues.

"The greatest outfielder in the country today is Clyde Milan," says Jim McAleer, manager of the Washingtons. "Milan is a real wonder, and I would not trade him for any outfielder in the big leagues. He covers more ground than any man I know of, is a sure catch and does something sensational in almost every game. He hasn't got a weakness. He has made half a dozen seemingly impossible catches this season, catches that no other man in the

world would have made. I am proud of Milan and predict that it won't be long before he is classed with the great luminaries of the game. Moreover, he is batting well, and that adds to his value. I wish I had two more outfielders of his caliber. If I had the Nationals would make all the teams step lively to win a game from us."

## MARTIN SHERIDAN THROUGH.

Famous Athlete Says He Has Had Last Fling at All Around Title.

Martin Sheridan has announced that he had completed for the last time in the all around championships and that he was content to leave his present world's all around record of 7,355 points for others to shoot at. Martin has not the time nor the inclination to go through another long series of training necessary to fit himself for an all around championship. He says he still will take an occasional fling at discus throwing, shot putting, weight heaving, standing jumping and events which come easy for him without special preparation. "Never no more," however, for Martin as far as the all around game goes.

Holmer May Go Abroad.

Hans Holmer, winner of the Powderhall race, has an offer to tour Italy, Africa, South America and Australia this summer.

## WELL POSTED BASEBALL FANS.

It happened at a recent ball game in Philadelphia between the Athletics and Washingtons. Street, the Washington catcher, was at bat. One of the cultured fans pointed to him and then turned to his companion.

"Do you see that man?" he asked.

"I do," said his friend.

"Well, that is Street. You know, he's the man who caught the ball in Washington that was thrown from Bunker Hill monument."

## LOBERT'S EARLY TROUBLES.

Dreyfuss Paid His Fares After Being Canned by Western Team.

Hans Lobert, the Philadelphia Nationals' third baseman, delights in telling the boys about his first professional experience. Hans was canned from Sioux City after he had been in the squad about ten days, and the German did not have the change to take him to his home in Pittsburgh.

He managed to scrape together enough to take him to St. Louis. Hans says when he landed in the Mound City he had 15 cents and had not eaten for two days.

He proceeded to a three cent hash house and ate 10 cents' worth, and then, to show that he was a sport, he spent the other nickel to get his shoes shined.

Lobert met Barney Dreyfuss that very day, as the Pirates were playing the Cardinals. Dreyfuss had heard of Lobert and, knowing that he was a Pittsburgh boy, gave him enough money to take him home.

Upon arriving home he got a letter from Mike Finn, Little Rock's manager, offering him more money than he could have got at Sioux City had he made good.

This was back in 1903. What Lobert did after that time is a matter of history. He entered the big league as a member of the Reds the next summer.

## FLANAGAN COMING BACK.

Celebrated Hammer Thrower Will Return to America Next Fall.

John Flanagan, the world's champion hammer thrower, who has been abroad for nearly a year, will return to America in the fall and is expected to set a new world's record in the Metropolitan championships in New York in September. In a letter to a friend Flanagan says that he is heavier than ever and in recent trials has beaten his own mark by several feet.

He will remain on the other side until after the coronation of King George, competing in the English championships during coronation week, the Irish championships, the international meet in London and the dual meet between Ireland and Scotland. When the giant weight thrower left New York last year he declared that he would never return. He has evidently reconsidered this decision. Besides being the world's record holder in throwing the sixteen pound hammer, he ranks with the best men in the country in throwing the fifty-six pound weight for height and distance. He can also throw the discus and javelin a good distance.

## Manager Chance Boosts Zimmerman.

"Before midsummer Heinie Zimmerman will be the best third baseman in the National league," is the prediction of Frank Chance. "He has all the requisites of the position. Zim is a powerful man, quick on his feet and has big hands to knock down hits. As soon as I teach him not to hit at balls instead of strikes he will bat .275."

## Corri England's Best Referee.

Eugene Corri, English boxing referee, is a member of the London Stock Exchange. He loves the sport so well he pays his own expenses to act as third man in the ring.

## Jennings Encourages Other Teams.

Hughy Jennings says that unless the American league teams play better ball than they are doing the Tigers will have to forfeit a few games to keep up the interest.

## Argentine Golf Champion Coming.

Peter Gannon, the young Argentinean who holds the amateur golf championships of France, Italy and Austria, will tour Canada this summer.

## BASEBALL CHATTER

First Baseman Del Gainer cost Detroit \$500. President Navin says he is a \$10,000 ball player.

Arnold Hauser, the St. Louis Nationals' star shortstop, used to be a Chicago newsboy. He sold papers to Charley Comiskey, the Old Roman.

"Brains win ball games," states Silk O'Loughlin, the picturesque American league umpire. Silk, so do hits and their half brothers, runs.

His croning throw and all around suppleness make Archer of the Cubs in many respects one of the greatest catchers who ever wore a mask.

"Kid" Elberfeld has been playing ball for seventeen years. He is one nifty player who doesn't break ground when a pair of steely spikes threaten to cut him down.

At no time in his career has "Silent" John Titus of the Phillies played the ball he has so far this season. He is no longer the listless player he used to be. Lack of ginger was his weak point.

## REAL STARS COME EVERY FIVE YEARS

So Says Baseball Man in Talking About Diamond Marvels.

## POINTS TO HISTORY OF GAME

Says It Is Noticeable Fact That Extraordinary Ball Tossers Pop Up Only in This Space of Time—Johnson and Cobb in Present Decade.

By TOMMY CLARK.

"Did you ever notice that baseball marvels appear only once every five years?" said a prominent National league baseball man recently to the writer. "It may seem facetious, but nevertheless it is true. Just go back over the list and you will see that there have been but two extraordinary players developed during this space of time, and one of them is a pitcher."

"My point is easily taken and to my way of thinking is easily proved. These last five years both men have gone to and been developed in the American league. One of them is Walter Johnson of Washington, that marvelous pitcher and perhaps the greatest of this year and former years. The other player is Ty Cobb of Detroit."

"The half decade from 1900 to 1905 brought out Pitcher Ed Walsh of the White Sox and Second Baseman Johnnie Evers of the Cubs. I would like to include Pitchers Mathewson of the Giants, but really believe that Ed Walsh tops him. You see, he hasn't the club behind him that the other two fellows have. It takes a lot of pitching to win a game for the Sox, especially last year and the one before."

"To return to Johnson—he never was heard of until Joe Cantillon signed him up. Straight from the deserts of Idaho he lugged Walter, and Johnson has been a star ever since. He has not got what you call a marvelous team behind him, but his winning average is close to .500, and he has worked in a big lot of games too."

"Cobb, Speaker, Lajoie and the other magnificent batters of the American league find him a hard proposition to face. Pat Dougherty and Billy Sullivan of the Chicago Americans, who are pretty fine sluggers, cannot do anything but whiff when they get up against Johnson."

"Lots of the time he doesn't need many curves. His straight, fast ball is enough to baffie most of the batters. In a series with the White Sox in Washington, last summer I don't think

Try the Daily Press Profitbringers for quick results.

as threw fifteen curve balls the whole game. But when he has to he can put on every kind of dress that a ball can stand.

"There is no need telling of the merits of Ty Cobb. He has figured in countless column baseball stories. It's a cold day when some kind of layout can't be woven around Tyus."

During the discussion several took exception to the baseball man's remarks. They claimed that he was unfair; that if he counted in only two players every five years that would make about fourteen players of that caliber since the National league opened.

"That's not the point," continued the baseball man. "I wanted to figure in the real, top notch, amazing stars. They don't come any faster than that. Before Walsh and Evers in that generation from 1895 to 1900 I would include Lajoie of Cleveland and Wagner of Pittsburgh. Others whom I would place in the list are Comiskey, Clark, Kelly, Jennings, Anson and Radbourne."

"I don't mean this as any knock against the other players. It's the same as classifying the great actors or the great presidents. I don't think Sir Henry Irving would have justice done him if you compared another tragic actor of good ability with him. Sir Henry was a star of the first magnitude, just as Walter Johnson and Cobb are in their profession."

The baseball man has failed to mention Johnny McGraw and Willie Keeler. The former was one of the greatest third basemen that ever lived, while Keeler was a great outfielder, a wonderful batter and one of the speediest base runners baseball ever produced. As for Christy Mathewson, his equal as a pitcher will probably never be found. For twelve seasons he has been doing mound duty, and today he is still without a superior. Johnson is a marvel, and so is Walsh, but Matty outclasses them. Johnson may or may not surpass Mathewson in years to come, but he will have to go some to do it. It is mainly through Matty's great work in the box that the Giants have been so well up in the race for years.

Then how about Eddie Collins, the Athletics' second baseman? He is a wonderful batter, base runner and one of the brainiest young men that ever appeared on the diamond. And there is still another—Russell Ford of the New York Americans. Today he is the peer of all spitball twirlers, and in another season he will stand the heavy hitters of his league on their heels.

When going over the list of great ball players one cannot leave out Fred Clarke. Show us one left fielder that has anything on the Pirates' manager in any way. How about Hal Chase? A more spectacular first baseman never appeared in baseball. There is no way of figuring out how often wonderful ball players may pop up. There may be one this season. Who knows?

## OTTUMWA WOMAN CURED

By Lydia E. Pinkham's Vegetable Compound

Ottumwa, Iowa.—"For years I was almost a constant sufferer from female trouble in all its dreadful forms; shooting pains all over my body, sick headache, spinal weakness, dizziness, depression, and everything that was horrid. I tried many doctors in different parts of the United States, but Lydia E. Pinkham's Vegetable Compound has done more for me than all the doctors.

I feel it my duty to tell you these facts. My heart is full of gratitude to you for my cure."—MRS. HARRIET E. WAMPLER, 524 S. Ransom Street, Ottumwa, Iowa.

Consider This Advice.

No woman should submit to a surgical operation, which may mean death, until she has given Lydia E. Pinkham's Vegetable Compound a fair trial.

This famous medicine, made only from roots and herbs, has for thirty years proved to be the most valuable tonic and invigorator of the female organism. Women residing in almost every city and town in the United States bear willing testimony to the wonderful virtue of Lydia E. Pinkham's Vegetable Compound.

Mrs. Pinkham, at Lynn, Mass., invites all sick women to write her for advice. Her advice is free, confidential, and always helpful.

## NEWS FROM OVER THE COUNTY

**SALINE.**  
OAKVILLE

Saline, May 17.—Mrs. Thomas Balety returned Friday from Clinton where she has been caring for a patient.

Miss Edna Smith spent last week in Ann Arbor attending the May Festival.

Mr. and Mrs. Leigh Townsend of Washington, D. C., were guests of Mr. and Mrs. Delos Townsend last Wednesday. Mr. Townsend expects to be located in Ohio this summer.

G. L. Hoyt spent several days last week in Detroit.

Mr. and Mrs. A. M. Humphrey were Ann Arbor visitors Saturday.

Mrs. Edward Feuerbacher returned Sunday from a week's visit with friends in Webster.

Mrs. William Derendinger spent last week with her sister in Detroit.

Six carloads of stock were shipped from here last Saturday.

Mrs. John Lutz was a Detroit visitor last Friday.

Miss Eda Clark was the guest of Mrs. O. B. Pester of Pittsfield township last Friday and Saturday.

The Ladies' Aid society expect to have their "Trip around the world" Friday, May 26.

The many Saline friends of Homer Fish will be glad to know that he has returned to Saline and expects to be in the barber shop with Joe Wood.

Mr. and Mrs. Fish will occupy the Schmidt house recently vacated by Mr. and Mrs. Dietiker.

The Home Mission collection taken at the M. E. church last Sunday morning amounted to nearly \$150.00.

Leigh Drake has been quite sick the past week.

Harry Booth of Ann Arbor spent Sunday with Mr. and Mrs. Dan Drake.

Emma Bartlett has been out of school several weeks on account of illness.

Several from here attended Charles Hull's funeral in Ann Arbor last Saturday.

Arthur Wood expects to leave Tuesday for New Mexico with a carload of sheep.

Emerson and Willard Rouse have returned from Milan where they have been working with their vacuum cleaner for several weeks.

Miss Grace Haney entertained the Toastmaster's club of the S. H. S. last Friday evening at her home in Pittsfield township.

A. F. Clark was an Ypsilanti business visitor Friday.

Mr. and Mrs. Spencer Rogers have been visiting in Belding, Mich.

Mr. and Mrs. Oscar Pester were guests of Mr. and Mrs. A. F. Clark Sunday afternoon.

The Saline Farmers' club met Saturday, May 13, with Mr. and Mrs. Simon Kress of Lodi. Business matters were first taken up and disposed of. The report of the viewing committee was given by Selden Wheelock and was followed by a lively discussion. Miss Mulcrone of Mackinaw played a selection on the piano. This was followed by roll call, each gentleman telling why he is a member of the club. Dinner was served at noon by the hostess. The members of Pittsfield Grange had been invited to attend the meeting and about 50 of them were present. Four very interesting papers were read in the afternoon. The first, "Early events in Michigan History" was given by Mrs. Warner; the second, "Indian Tribes of Michigan," was read by Miss Augusta Josephans. Eli Rodegeb, teacher of agriculture in the S. H. S. spoke on "Michigan Agricultural Pursuits." The fourth paper was given by R. L. Finch on "Our State Institutions of Learning," these papers were all excellent, full of ideas and very instructive. Evan Essery spoke upon "Our Schools," introducing the subject of free text books, with a view to drawing out an expression of the sentiments of the club members. A vote was taken on the desirability of such a plan and the idea was voted down. The next meeting will be held Saturday, June 10, at the home of Theodore Josenhans.

## FREE SAMPLE CURED OLD PERSON'S BOWEL TROUBLE

One of the most remarkable proofs of the unusual laxative merit contained in Dr. Caldwell's Syrup Pepsin is that it is effective not only in people in the prime of life, but at the extremes of ages. As many letters are received from mothers regarding the cures of children, as from regular-size bottles can be bought of any druggist at fifty cents and one dollar, but a free sample bottle can be had by sending your address to the doctor.

In the cure of constipation and bowel trouble in old people it has no equal. It corrects the constipation, dispels the headache, biliousness, gas, drowsiness after eating, etc. People advancing in years should see to it that their bowels move freely, and if they do not to take Dr. Caldwell's Syrup Pepsin. You can prolong your life by healthy bowel action. Clogged bowels invite disease. Women about to pass the menstrual period cannot do better than use Syrup Pepsin several times a week until the system has settled to its future condition.

Among the strongest supporters of Dr. Caldwell's Syrup Pepsin are Mr. W. G. Gorn of New Decatur, Ala. and Mr. George S. Spaulding of the National Soldiers' Home, Kansas, both elderly men. The regular-size bottles can be bought of any druggist at fifty cents and one dollar, but a free sample bottle can be had by sending your address to the doctor.

Dr. Caldwell does not feel that the purchase of his remedy ends his obligation. He has specialized in stomach, liver and bowel diseases for over forty years and will be pleased to give the reader any advice on the subject free of charge. All are welcome to write him. Whether for the medical advice or the free sample address him, Dr. W. B. Caldwell, 541 Caldwell building, Monticello, Ill.

### Pleasant Church Social.

The ladies of the German Lutheran  
church gave a very successful social  
Tuesday evening in the church house  
at which they cleared sixteen dollars.  
Ice cream and cake were served. A  
quartet, consisting of Miss Clara  
Smith and Miss Lillian Weinmann,  
Charles Reinhardt, and Guy Bedell,  
furnished the music, except that Mr.  
Bedell also played several trombone  
solos. Mrs. Frank Lidke and her  
niece gave several humorous readings.

The Potluck Club held last meeting.  
A meeting of the Potluck Club was  
held at the home of Mrs. Alice Spals-  
bury, Tuesday evening. This was the  
last meeting of the season and all  
present had a thoroughly good time.  
The club have decided to hold no  
more meetings during the summer  
months but will probably hold picnics  
during July and August.

### Entre Nous Meet.

The Entre Nous of the Methodist  
church held a business meeting at the  
home of Miss Miriam Barton Tuesday  
evening. A program of guessing con-  
tests and musical numbers occupied  
the evening at the close of which re-  
freshments were served. An enjoy-  
able evening was spent by all present.

### Character of the Finger Nails.

It is said that there is as much char-  
acter to be observed from a person's  
finger nails as from the owner's face.  
The following indications are stated  
as being fairly correct:

Those possessing long nails are  
good-natured and self-confident, but  
placing very little confidence in oth-  
ers. Broad nails are supposed to be-  
long to those of a gentle, bashful dis-  
position. Little round nails are the  
sign of a person who is seldom pleas-  
ed, readily inclined to anger, spiteful,  
revengeful. Anyone with fleshy nails  
is said to be calm and ease-loving,  
fond of eating and sleeping, and who  
would prefer a small income without  
industry to much wealth to be ac-  
quired by activity and diligence. Pale  
to lead-colored nails belong to the  
melancholy person, but who would do  
well in all branches of science or  
philosophy. The long, well-shaped fil-  
bert nail indicates a refined and artis-  
tic nature, fondness for society and a  
great love of the beautiful.
